

B I L T to enhance your home's beauty.

P L A T I N U M B A Y

Advanced Features:

- Used with a variety of window combinations
- Variety of exterior brickmold options
- Variety of interior wood finishes
- Optional insulated head and seat

1 Foam Filled Couplers for Added Insulation

This standard feature improves the Energy Rating and reduces air leakage.

2 Factory Finished Interior, Fully Assembled

Our Bay/Bow Windows are ready to install, allowing for a more structurally sound and secure window. The fully finished interior covers any gaps, providing a completely finished look.

3 Available in standard or custom angles.

Bay 30 and 45 degree and Bow windows 10 and 15 degree.
